

## MegaPath Payment Processor Extranet Service

Fully redundant, fully managed payment processing connectivity

### Quick, reliable connectivity to all the major payment processors

MegaPath Payment Processor Extranet service provides customers instant, fully-managed connectivity from your Site-to-Site MPLS VPN to the top credit, debit, gift and private label card payment and check payment processors. Fully redundant connections from MegaPath's telco grade data centers ensures secure, reliable connectivity to processing centers nationwide. And, unlike a do-it-yourself solution, the service is available immediately and you can add or change processors anytime you choose. Plus, we proactively monitor and manage the service around-the-clock, freeing you to take care of your business.

#### Features & benefits

- Implement quickly
- Add or delete processors easily
- Provides fully redundant access to transaction processing centers nationwide
- Robust security ensures traffic is safe from interception or theft
- Proactively monitored and fully managed service
- 24x7 customer support

This service supports all major brands, including Visa, MasterCard, American Express, Diners Club and Discover.
