

MegaPath Advantage Partner Program

Attainable Revenue Commitment | Recurring Commissions

Expand Your Product Portfolio And Earn Monthly Recurring Commissions

The MegaPath Advantage Partner Program is ideal for agents in the managed IP communications space that recommend and sell network solutions directly to end user customers. By joining the MegaPath Advantage Partner Program, you can strengthen your customers' loyalty by extending your product portfolio and offering the products your customers need at a price point they'll like, resulting in higher profits for you!

Under the MegaPath Advantage Partner Program, Advantage Partners will have access to all of the tools and training necessary to sell MegaPath services in the course of your regular business, as well as a dedicated Account Manager to assist you with providing MegaPath services to your customers. Advantage Partners simply submit closed orders and MegaPath does the rest – from provisioning and installation to customer support and billing. In return, Advantage Partners will earn recurring monthly commissions based on a percentage of the customer's monthly recurring cost. It's that easy!

Offer Your Customers The Solutions They Need At A Price Point They'll Like

- **Broadband Access** – a variety of access types to serve single and multi-location customers
- **DuetSM Voice + Data** – voice and data service in one complete, affordable bundle
- **Managed VPN** – create a private, secure MPLS network between all business locations; offer secure remote access via managed SSL
- **Managed Security** – help businesses safeguard their entire network, without the hassles of expensive customer premise equipment

Stay Informed Anytime, Anywhere!

As a MegaPath Channel Partner, you receive access to our secure online Partner Portal you can enter and track orders, see pre-qualification results, get current pricing and promotions, download helpful sales and marketing tools, get on-demand, online training and certification, and much more! The Partner Portal allows you to stay informed anytime, anywhere.
