Save money and speed up your transaction processing

MegaPath StoreConnect gives gas station and convenience store owners and other retailers the ability to reduce costs and improve customer service by moving payment processing transactions to a high-speed, Internet-based connection.

Flexible & Affordable

Get rid of expensive satellite connections and phone lines, and stop running up large transaction fees each month. StoreConnect saves you money and simplifies your operations.

Fast & Secure

MegaPath uses the most widely used and robust Internet security technology (IPSec) to encrypt your credit card data so you can be PCI compliant and have fast access to all the major payment processors. Plus, we offer around-the-clock monitoring and 24x7 support.
