

MegaPath DSL Service Optimized for Business

DSL is a high-performance broadband with reliability your business can count on.

DSL is an ideal broadband solution for small and medium-sized businesses. MegaPath provides a variety of Internet connectivity service option to serve the needs of businesses, including connectivity for branch offices and remote workers.

Dedicated ADSL

Get the speed, reliability, and throughput of ADSL without phone service from a local phone company (dedicated line). Allows information to flow asymmetrically with download speeds up to 75 Mbps and upload speeds up to 8 Mbps. Review our SLAs at www.megapath.com/sla.

24/7 U.S. Tech Support

Our knowledgeable service technicians respond quickly and efficiently 24/7 from our geo-redundant support centers in Seattle, WA and Herndon, VA.

Nationwide Coverage

MegaPath's offers widespread coverage so you can scale with a single provider, nationwide. And, we offer a wide range of technologies and speeds to meet your bandwidth demands and your budget at every business location. We'll help you select the right solution for your needs, whether that's DSL, Fiber, Ethernet, T1, or Wireless Broadband.
