

## MegaPath Voice Project Manager

### Your MegaPath Voice Project Manager: The Key to a Superior Voice Implementation

When you purchase a new voice system, you want a rapid and problem-free installation. For Professional Installations, MegaPath assigns a Voice Project Manager to get your voice service up and running smoothly and quickly—in some cases, *twice as fast as the industry norm*.

#### An Unparalleled Experience

MegaPath has provided businesses with innovative communications services for nearly two decades. We send expert technicians onsite to ensure a truly professional implementation of a superior voice service that's competitively priced.

Your MegaPath Professional Installation Voice Project Manager:

- ▶ Serves as your single point of contact throughout the installation process
- ▶ Oversees equipment installation and voice implementation, start to finish
- ▶ Consults with you on your needs and provides ongoing status
- ▶ Provides timely responses to your inquiries

“Our MegaPath installation was extraordinarily fast and went very smoothly, thanks in part to our MegaPath Voice Project manager. We are extremely pleased with the service from MegaPath.”
